# WINDSOR LOCKS THOMPSONVILLE CONNECTICUT

## TELEPHONE DIRECTORY

THE SOUTHERN NEW ENGLAND TELEPHONE COMPANY

## EMERGENCY CALLS

The quickest way to report a fire or other emergency is to dial the number direct. That's why it's important to list those numbers now in the spaces below.

However, any time you don't know the number in an emergency, just dial "Operator" and say: "I want to report a fire," "I want a policeman," or "I want an ambulance." Then tell the Operator where help is needed. Give her the telephone number, street address, and the town or city from which you're calling.

<b>FIRE</b>
<b>POLICE</b>
<b>AMBULANCE</b>
<b>HOSPITAL</b>
<b>DOCTOR</b>
<b>Federal Bureau of Investigation (F.B.I.) 205 Church St., New Haven STate 7-1217</b>

## WARNING

Public Act 375 of the State of Connecticut provides that "any person who willfully refuses to relinquish a party line when informed that such line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who secures the use of a party line by falsely stating that such line is needed for an emergency call shall be fined not more than fifty dollars." The law defines "emergency" as "a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

**ON THE COVER** Bradley Field's air terminal building in Windsor Locks forms the nucleus of artist Bern Hill's cover design.

A large leaf of tobacco symbolizes the thriving tobacco industry with its picturesque weather-beaten sheds that dot the fertile Connecticut valley.

The first carpet mill in America was established in Thompsonville many years ago and fine rugs are still fabricated here. Paper and cloth mills which were originally built on the banks of the Connecticut River to utilize water power are even yet busily producing their many wares.

Other industrial plants manufacture turbo props for airplanes, plastics, industrial mixers, wire, wooden cable reels, and relays. Greeting cards famed throughout the country are made here to complete the diversity of goods produced by this bustling, industrial community.

WHEN GIVING YOUR TELEPHONE NUMBER TO AN OUT-OF-STATE FRIEND BE SURE TO INCLUDE THE CONNECTICUT AREA CODE - 203.

WINDSOR LOCKS

If the place you wish to call is not listed, dial "Operator" and give her the

# DIRECT DISTANCE DIALING

From Windsor Locks and Thompsonville Telephones  
(Except coin telephones)

## DIALING CONNECTICUT CALLS — BEYOND YOUR LOCAL CALLING AREA. (For local calling areas, see page X)

You can dial calls to any Connecticut telephone (except those in Pawcatuck). To call a Connecticut telephone outside your local calling area, dial "112", followed by the two letters and five figures of the telephone number you wish to reach.

*For example, if you wish to call Norwich, Conn., TUrner 7-2099*

	Direct Distance Dialing Code	Two letters and five figures of the number
You would dial	112	TU 7-2099

## DIALING OUT-OF-STATE AND CANADIAN CALLS

To place a call to any telephone outside of Connecticut first dial "112", then dial the area code, followed by the two letters and five figures of the telephone number you wish to reach. (For list of out-of-state places you can dial and their area codes, see pages I-III.)

*For example, if you wish to call Boston, Mass., HANcock 6-9991*

	Direct Distance Dialing Code	Area Code	Two letters and five figures of the number
You would dial	112	617	HA 6-9991

If the place you wish to call is not listed, dial "Operator" and give her the call in the usual manner. If the call can be dialed, she will give you the area code.

## AN OPERATOR WILL ASK FOR YOUR NUMBER

after you dial a call. Give her the complete number (name and five figures) of the phone from which you are calling, such as "NA 3 (pause) 01 (pause) 99."

WHEN GIVING YOUR TELEPHONE NUMBER TO AN OUT-OF-STATE FRIEND BE SURE TO INCLUDE THE CONNECTICUT AREA CODE - 203.

# DIRECT DISTANCE DIALING (CONTINUED)

## IT WILL SAVE YOU TIME AND TROUBLE

to keep a list of the telephone numbers and Area Codes of friends and acquaintances on the Number Finder in the front of this directory. Whether it's a call you can dial directly or one you place through "Operator," it's always much faster to call by number.

## IF YOU DON'T KNOW THE NUMBER \*

of the telephone you want to reach, dial "Operator" and ask for Information at the place you wish to call. For example: "Please connect me with Middletown, Ohio, Information." After Information gives you the number, write it and the Area Code down on the Number Finder, and hang up a moment before dialing.

\*For New York City Information dial 112-212-555-1212.

## IF YOU REACH A WRONG NUMBER

determine the city and telephone number you have reached. Unless the party answering volunteers this information, tell him what city you are trying to call and ask him where he is located. Hang up for a moment. Then dial "Operator" and tell her what happened so that you won't be billed for the call.

## IF YOU ARE CUT OFF

or have any other difficulty, hang up for a moment, then dial "Operator" and report the trouble.

## YOU WILL NOT BE CHARGED

- If you hang up before you dial the complete telephone number.
- If the telephone called doesn't answer.
- If you call "Information" in another place for a telephone number.
- If you hear a busy tone.

## REMEMBER

that station calls — where you are willing to speak with anyone who answers — are faster and cheaper and are the only calls which may be placed by Direct Distance Dialing.

## CONTINUE TO DIAL OPERATOR FOR

- Collect calls
- Person calls
- Calls from coin telephones
- Calls to mobile telephones
- Credit Card calls
- Enterprise calls
- Station calls to places you cannot dial directly

For list of out-of-state places you can dial, see pages I-III

WHEN GIVING YOUR TELEPHONE NUMBER TO AN OUT-OF-STATE FRIEND BE SURE TO INCLUDE THE CONNECTICUT AREA CODE - 203.

# LONG DISTANCE CALLS

## STATION CALLS (The fastest, most economical way to call)

Station Calls are those on which you will speak with *anyone* who answers the phone that you're calling. The time you're charged for begins as soon as the phone is answered.

The easiest, quickest way to make your calls is to dial them *direct*! You'll find complete instructions on pages IV and V and a list of out-of-state places you can dial direct listed on pages I-III.

To reach a place you *can't* dial direct, dial "Operator" and tell her the place and telephone number. If you don't know the number, give the name and address, but tell the operator you will talk with anyone. When she gives you the number, list it on the Number Finder.

Remember: *Calling by number is twice as fast!*

## PERSON CALLS

Person Calls are those on which you ask the operator to connect you with a *particular* person (or department or extension of a private switchboard). Time charged for begins only when the one asked for answers. Naturally, the initial charge is higher than for a Station Call. (You *must* dial "Operator" to make a Person Call.)

## COLLECT CALLS

If you want the charge for a call to be put on the bill of the person you're calling, tell the operator that it is a Collect Call. If someone at the called telephone agrees to accept the charges, you will be connected. Collect Calls generally cost a little more than other calls, because of the extra operating time required.

## CONFERENCE CALLS

By requesting a Conference Call, you can be connected with several people in many different places—all on the *same* call. Just dial "Operator" and give her their names and telephone numbers. She'll make all the arrangements for you and call you back. (Businessmen find this especially useful for holding economical conferences.)

## APPOINTMENT AND MESSENGER CALLS

Appointment Calls are made by asking the operator to complete a call to a particular person at some pre-arranged time. (These calls are at the Person Call rate.) Messenger Calls are used when it is necessary to have a messenger call to the nearest telephone the person you wish to reach. (These calls are made at the Person Call rate, plus whatever charge is made by the messenger.)

## MOBILE TELEPHONE CALLS

Many automobiles, boats, trains and trucks are now equipped for Mobile Telephone Service. To reach one, dial the operator and ask for "Mobile Service Operator".

## TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company — see the listing of that company in this directory — and have the charges appear on your telephone bill. You may also telephone your Western Union telegrams from coin telephones, paying as you would for a telephone call.

## CALLS TO SHIPS AND FOREIGN COUNTRIES

You may call from your telephone to most foreign countries, subject to whatever restrictions those countries have. Also, many ships in harbor, on inland waters or on the high seas may be reached from your telephone. (Dial "Operator" to get full information.)

See list of dialable points in Canada on Page I

WHEN GIVING YOUR TELEPHONE NUMBER TO AN OUT-OF-STATE FRIEND BE SURE TO INCLUDE THE CONNECTICUT AREA CODE - 203.

## GENERAL INFORMATION

### HOW TO DIAL ANOTHER PARTY ON YOUR PARTY LINE

If you wish to know the names of the other parties on your line, dial **114** — Repair Service. Give your number and ask for the names of the parties.

If you wish to call one of the parties on your line, dial **114** to get instructions for dialing. (Please enter the numbers given you on the Number Finder.)

If you hear a continual busy tone on a number you are dialing, perhaps the person you are calling is on your party line. You can find out by dialing **114** — Repair Service.

### PARTY-LINE COURTESY

Pleasant party-line service depends upon the co-operation of everyone on the line. By law it is required that you give immediate right-of-way to any Emergency Call.

Before you dial, make sure the line is not being used. If someone else is dialing, apologize for interrupting and hang up. If someone interrupts while *you* are dialing, kindly ask the other person to hang up.

### RECORDING DEVICES

If you hear a short high “beep” on the telephone line about every 15 seconds, it means that your conversation is being recorded. The person you’re talking with is using a recording machine connected to the telephone line. The “beep” will stop when the recorder is disconnected. Use of any recorder without the “beep” signal is not permitted.

### DIRECTORY LISTINGS

Every customer may be listed once in the alphabetical section of the directory without charge. (The letter “b” following a name indicates a business listing.) Additional listings may be arranged at a small extra charge by calling the Business Office.

When you receive a new directory, we suggest that you check your own listings. If they are incorrect, please call the Business Office so that we may change our records for the next issue of the directory and protect your service in the meantime.

You’ll find it helpful to list numbers you frequently call on the Number Finder. (Remember: Call by number . . . it’s twice as fast.)

List Fire, Police and other Emergency Numbers in the spaces inside the front cover.

### BILLS FOR SERVICE

Bills are sent out monthly and are payable when you receive them. If you pay in person, please bring the whole bill with you, including the punched card (if you receive one.) If you pay by mail, enclose only the bill stub (or punched card) with your check or money order.

If you wish any information about your bill, please call the Business Office and ask to speak to a “service representative”.

Bills may be paid by mail or in person at any Business Office of the Company. (Addresses and telephone numbers of Business Offices are on the next page.) Payments may also be made in person at any of the other locations listed on the next page.

## BUSINESS OFFICES IN THIS AREA

(Hours: 8:00 A.M. — 5 P.M., Monday through Friday)

At the Business Office “service representatives” are assigned to groups of customers. If you have any question about your telephone service or wish to order additional service, just call your telephone Business Office and ask to speak to a service representative.

You’ll be connected with the girl who is most familiar with your account and present telephone service. She’s always glad to help. As her title indicates, she represents “service” and is the friendly, direct link between you and your telephone company.

**THEY ARE EASY TO USE!**

## WOLLEY SEGAP SEZ:

WHEN YOU WANT A PRODUCT OR SERVICE...

Suppose it's furniture -  
just do this:

First, find "Furniture-New" on the "F" pages. Then pick out the dealer whose message interests you most, or who sells the kind of furniture you want, or whose location is most convenient to you.

WHEN YOU REMEMBER THE ADDRESS OF A  
BUSINESS FIRM AND HAVE FORGOTTEN THE  
NAME...

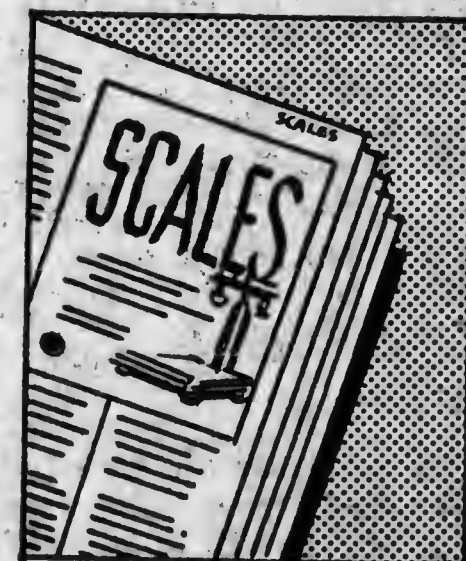

You may forget a business establishment's name but remember its location. For example—you want a photographer on Woodward Avenue. Simply turn to "Photographers-Portrait." Here you will find all the photographers listed. All you have to do is look for the Woodward Avenue address.

WHEN YOU HAVE FORGOTTEN A BUSINESS FIRM'S  
NAME...

Frequently, the full name of a firm is forgotten—for example, you recall seeing a plumbing firm's name on a truck, but can't remember it. Simply turn to "Plumbing Contractors." Here you will find all the Plumbers. You will be able to recognize the forgotten name.

OR...IF YOU ARE A PURCHASING AGENT AND WANT  
TO BUY SCALES...

First find the "Scales" classification on the "S" pages. You can then pick the firm that will best satisfy your needs.

WHEN YOU WANT TO FIND A TRADEMARKED  
PRODUCT OR SERVICE...

Suppose you want a dealer for a nationally known product or service. Let's assume you were looking for a brand of glass. First turn to "Glass-Auto, Plate, Window..." Then select your dealer from those who use the trade mark of the brand you want.
